Character Changing	Cheats	http://mw.modhistory.com/download-18-9418	Andy Christianson	2004-03-30 00:00:00	This little micro mod adds a button in the seyda neen tradehouse that allows you to change the appearance of your chatacter. Simply press the button and select your new look. The only known bugs are that it messes with what you have equipped.
