3423	The Dracos Race v1.1b	Races	MMH	70-14952	Brihtwulf	2013-08-30	The Dracos are a race that was magically created by wizards combining metallic dragons with elves. The result is a large, powerful reptilian humanoid with considerable strength and magic ability.
2105	Runic Blackened Bone Armor	Armor	MMH	4-14951	Brihtwulf	2013-08-29	I created an intersting derivative of the bone armor in game. It is much more attractive, and is somewhat higher in quality than regular bone armor, though still quite playable and realistic.
1637	Malestair's Manor v1.0b	Houses	MMH	44-14953	Brihtwulf	2013-08-30	Malestair is a friend of the character who has given them permission to take full use of his home in Balmora. It comes complete with armor manequins as well as some other nice things.
1314	High Elven Female Face	Heads and Hair	MMH	42-14954	Brihtwulf	2013-08-30	This creation is a derivative of Leia's Pretty Faces Project. It was created by request, since a high elven female face that wasn't ugly, was not out there. I hope you all enjoy this.
