8581	Druid Staffs	Models and Textures	MMH	56-8098	Craigewan	2005-05-03	This mod adds an Argonian druid to the caves of Addamasartus (the cave outside Seyda Neen) who will fight you. He is quite powerful, level 20 or so. On him are some Druid Staffs. All credits go to Dongle for meshes and textures and icons.
