8130	Stalhrim and Adamantium Respawn Mod	Miscellaneous	MMH	53-9378	Hammergand	2005-01-12	This is a simple mod which makes Raw Adamantium (in Tribunal) and Raw Stalhrim (in Bloodmoon) respawn over a period of time. Useful if you want a full set of the armour and cannot find the items any where else - this allows you to be able to have a full set made for you.
2280	Snow Bear and Wolf Armours Improved	Armor	MMH	4-7518	Hammergand	2005-02-11	I got sick of wearing Snow Wolf and Snow Bear armour, and having them break after a few hits. This mod quadruples their condition (which is still comparably less than many armours), and slightly increases their armour ratings.
