3810	JamesWs Seyda Neen Expanded, Rochndil Remix v1.1	Townd and town Expansions	MMH	87-6403	JamesW, Rochndil	2010-02-17	This is a low-impact, vanilla-friendly expansion to the port city of Seyda Neen. It adds a few buildings, merchants, sea transport, and a small dungeon. Every effort has been made to maintain compatibility with other mods. This is my first mod, so all comments are encouraged and appreciated.
