8668	Flora Glow	Models and Textures	MMH	56-8264	Nigedo, Max a.k.a. ~NOBODY~	2005-04-16	This mod replaces the original Bethesda models for Morrowind's luminous flora with versions of the same models that have been glowmapped, giving each individual plant its own true luminosity. The plants replaced are: Luminous Russula, Draggie Tail and Violet Coprinus.
