Seyda Neen Seaside Home	Buildings	http://mw.modhistory.com/download-15-10577	Voodoo Crispy	2006-05-05 00:00:00	Adds a new home to Seyda Neen. No one's around, and it's free for the taking. Inside can be found low level items, and storage space. It's my first released mod, and it's definitely not finished. right now, it's on a 'when i feel like working on it' basis.
