7608	Better Lutes	Miscellaneous	MMH	53-6393	Xargoth	2010-02-10	MINI-GAME This mod will let you play a lute in real-time. The lute model has been positioned in Gmax to where the player is holding the lute as if playing it. Feel free to use this in your mods, just give the credit to whom it is due. I would like to thank Inari for adding magic effects to the lu...
