2246	Simplest Hideout	Houses	MMH	44-12757	auralfiles	2008-06-08	adds a REALLY easy-made room named St.Havoc, that serves as a storage with shelves, a practice dummie, museum display tables, tables, spear holders and a place to put your potions...no new meshes or textures...it's just an esp file and it's my very first mod, so, leave only constructive criticism...
