Mod	Amulet Of Weather
Category	Items
Link	http://mw.modhistory.com/download-46-11617
Author	Yellowdude
Date	2007-10-25 00:00:00
Description	Adds a magical amulet that allows the wearer to control the weather. With it you can change the weather to blight, rain, thunder, clear, cloudy, foggy, ashstorms, overcast, or back to the default settings. Changelog:Made the amulet a misc item so it automaticly unequips it...
